

## Community Outreach Activity Evaluation by Clinical Instructor Online Form

### Clinical Instructor directions for completing the evaluation:

This evaluation is entered online by the clinical instructor. The copy in the manual is available as a reference throughout the rotation.

- Access this form through Evaluate Student Performance/Record Grades on the clerkship website.
- Select the “Community Outreach Activity Evaluation by Clinical Instructor” button.
- All preceptors linked with the rotation will have access to complete the evaluation.

### Activity Description:

- Provide a brief description of the community outreach activity the student completed.

Criteria / Scoring	1 = Unsatisfactory	2 = Minimally meets expectations	3 = Moderately meets expectations	4 = Fully meets expectations
Consider for evaluation: <ul style="list-style-type: none"> <li>• Did the end product meet your expectations?</li> <li>• Also consider quality, focus and depth</li> </ul>	Student work on activity does <u>not</u> meet predetermined expectations; activity components are not addressed at an appropriate quality, are too vague, <u>or</u> depth is inappreciable	Student work on activity partially meets predetermined expectations; two or more activity components are not addressed at an appropriate quality <u>or</u> are too vague	Student work on activity meets most predetermined expectations; one activity component is not addressed at an appropriate quality <u>or</u> is too vague	Student work on activity meets predetermined expectations; each component is addressed to appropriate quality <u>and</u> depth

Please note use of half points is acceptable. This score does not contribute to the student's grade.

<b>I. Finished activity/product</b> <ul style="list-style-type: none"> <li>• Did the end product meet your expectations?</li> <li>• Consider quality, focus, and depth</li> </ul>	Evaluation score =
Evidence for Evaluation: <div style="border: 1px solid black; height: 30px; margin-top: 5px;"></div>	
<b>II. Activity Impact and Value</b> Please describe the community impact of this activity and the value this student activity adds to your practice site. <div style="border: 1px solid black; height: 30px; margin-top: 5px;"></div>
